

Warehousing

FUTURES 2011

10-11 OCTOBER 2011

Ramada Hotel
Sutton Coldfield

The specialist annual event for warehouse owners, and their managers, as well as logistics directors and operations directors of warehouse users

The 2011 theme is

Building a Stronger Future

Leading experts will share their views with over 120 logistics professionals, warehouse owners and managers on:

- all property leasing, maintenance and rating issues
- keeping people costs under control
- making sure management information is accurate and effective
- highlighting new distribution operations for a new era
- automation as a cost effective solution
- picking accuracy as a competitive advantage
- make your fork lift truck fleet meet your future needs
- the current thinking on health & safety, security and environmental issues
- and **FINALLY** making sure your customer contracts are watertight
- the current thinking on health & safety, security
- the current thinking on health & safety, security

Leading suppliers to the warehousing sector will showcase their latest products and services

To Book contact Peter Acton on info@gyrosgroup.co.uk or phone 01737 457 002

Warehousing Futures is Sponsored by the UK Warehousing Association, the leading trade association representing companies who own over 80% of the third party warehousing space at over 5000 sites in the UK, and the Logistics Leaders Network, a unique combination of logistics leaders in all retail and manufacturing sectors, logistics consultants, hauliers and international freight operators brought together to create a unique networking event.
