

INTERNATIONAL ASSOCIATION OF TRANSPORT PROFESSIONALS

The International Association of Transport Professionals is a "not for profit" limited company based in the United Kingdom and is open to members from throughout the world.

The Association's primary aim is to enhance the understanding of transport operations and to promote skills and best practice among transport professionals.

IATP's Directors have over 160 years collective experience to draw upon. With an expanding membership able to share their knowledge with others, the advice base available is vast and evolving. We also have advisers to assist you with issues affecting your own business

A robust training programme leading to our own Certificate in Transport Operations is delivered via a network of carefully chosen training providers. Further programmes are being developed by our own staff and will be launched via our website www.iatp.info

Whatever your involvement within the transport industry IATP has something to offer.

SPECIAL IATP JOINING FEE AVAILABLE ON OUR STAND AT THE CONFERENCE

For those not able to attend, download the application form from the IATP website www.iatp.info

Inverness Chamber of Commerce is the largest independent business organisation based in the Highlands. It is run by members of our business community to promote economic growth in the area. As well as providing events, networking, support and advice to its members, Inverness Chamber actively campaigns for investment in infrastructure and transport, to ensure that the specific needs of our business community are met.

VineTrust

Patron:
HRH The Princess Royal

An international, interdenominational charity which allows volunteers to make a real and significant difference to some of the poorest children and communities in the world.

Started as a local community response in central Scotland to the 1985 famine in Ethiopia and Sudan, the Vine Trust works in partnership with local people in other countries.

Its Amazon Hope Project provides a health service for around 100,000 patients per year with further expansion planned in the period ahead. The charity has just completed the eighth street children's centre in Peru. They are now about to commence building up to four homes for street children and orphan children in northern Tanzania.

Profits from the exhibition and conference will go to The Vine Trust.

Scotland's Transport Future in a Changing World

This conference and exhibition looks at all aspects of transport past, present and future and how it relates to the economy, finance and the changing world we live in.

Following the comprehensive spending review and the Scottish Government elections in May 2011, the conference also covers wider issues such as climate change and fossil fuel depletion.

- embracing all transport modes within Scotland, to and from the remainder of the UK and beyond
- politicians and specialists from the UK and Scottish governments, EU and local authorities

- speakers from government, consultants, academia, operators, transport users and pressure groups

All those with transport responsibilities will derive benefit from attendance.
