

The Voice of The UK Logistics Industry

UKWA CyberRisk Seminar, Weds 22 May 2019, 11am - 4pm

Hosted by **Weightmans - The Hallmark Building,
105 Fenchurch Street, London, EC3M 5JG.**

Weightmans

UKWA's unique CyberRisk programme, launched at this year's National Conference, is a wide-ranging support programme designed to provide advice and practical assistance to combat the rising threat of cyber-crime.

CyberRisk is a unique programme, developed to meet the specific needs of businesses in the warehousing and logistics industry by UKWA, in collaboration with a team of cyber specialists including Cyber Intelligence Partners, Storm Guidance and Perry Appleton Risk Services in conjunction with Traveler's Insurance. The CyberRisk Seminar, which will be delivered by these expert companies, aims to:

- Help you understand areas of risk within your business,
- Develop strategies to minimise risk of cyber breaches
- Learn how to mitigate costs associated with cyber-crime, including fast breach response, data restoration and even reputation management.

Cost to attend:
UKWA members, only £95 + VAT
Non-members, £125 + VAT

BOOK HERE!

*includes refreshments and buffet lunch

Why Attend?

- Data security is business critical in the digital world
- Cybercrime costs UK businesses £27 billion per year
- 43% of all UK businesses experienced cyberattack or security breach in the last year
- Most UK businesses do not have adequate risk management and insurance in place
- Cyber-crime is on the rise

YOU could be next...
