Transport Compliance Training for Transport

Driver CPC Training

Driving Assessments

Transport Compliance eLearning Suite

Course Overview:

A wide array of Driver CPC training courses are available nationwide, including FORS recognised Safe Urban Driving (SUD) training. Driver CPC training can be delivered at a customer's premises in a variety of group sizes dependent on the course type. TRG are able to tailor course content specifically to a customer's requirements, to incorporate best practice, policies, procedures and bespoke case studies to ensure that course delivery is as valuable as possible.

Courses Available:

- Safe Urban Driving
- The Professional Driver: Life Skills
- Road Traffic Management, Vehicle & Driving Compliance
- Emergency First Aid at Work
- Product Handling Loading and Restraint
- Safe Working Practices for Drivers
- Lorry Loader
- Tail Lift

Assessment and Accreditation:

These courses are accredited to the Joint Approvals Unit for Periodic Training (JAUPT) and are delivered by specialist and experienced instructors. Lorry Loader courses are also accredited to the Association of Lorry Loader Manufacturers and Importers (ALLMI) and Tail Lift courses are also accredited to the Independent Training Standards Scheme and Register (ITSSAR). All of the above courses enable delegates to achieve seven hours towards their Driver Qualification Cards.

Course Duration & Capacity:

- Course Duration: 1 day
- Maximum Number of Delegates: Variable between 1 delegate and 15 delegates, dependent on the course type

The course cost will be variable dependent on the course type, between £345 + VAT - £980 + VAT

Transport Compliance eLearning Suite

Suite overview

The Transport Compliance eLearning package comprises of eight interactive eLearning modules focused on transport related legislation, compliance and overall workplace transport safety. This suite is ideal for Managers or Supervisors responsible for Transport related activities and operations, it has been designed to be delivered through online learning to allow delegates to undertake the modules at their convenience and own pace.

Suite modules

- Operator Licencing
- Enforcement
- Vehicle Maintenance
- Defect Reporting
- Licencing and Driver CPC
- Drivers' Hours and Working Time
- Workplace Transport Safety
- Road Safety

The suite can either be provided in SCORM file format to be uploaded directly onto a customers' Learning Management System. Alternatively, access can be provided to undertake the modules via our in-house Learning Management System.

Course duration & Assessment

Each module is circa 20 - 30 minutes long and includes exercises and quizzes. At the end of each module delegates take a multiple-choice test to check knowledge transfer.

List Price Per Learner

All eight modules £275 + VAT
Individual modules £37 + VAT

Enterprise licences are also available.
